Subject: RE: SMBNEP TFW Integration proposal at \$25k

Grace,

Congratulations. Thanks for getting a jump on making changes to the proposal. They are in line with what we discussed.

I saw that you removed this: "Characterize trash collected from stormdrains in target areas, pre and post source reduction program."

How will that affect the following task? "Analyze data for a correlation between restaurants and high density trash zones?"

Should we talk on the phone after you and your team have had a chance to discuss this, or we could all talk together. I'm available tomorrow between 12 PM – 5 PM as well as most of Wednesday.

Best,

Erica

Subject: SMBNEP TFW Integration proposal at \$25k

Hello all,

I adjusted our proposal for the \$25k amount. Let me know what you think and if it still seems impactful, yet realistic.

Thank you!
